Kaspars Daugavins, LW

Shoots: L

Height: 6-1

Weight: 204

Born: 1988-05-18

Hometown: Riga, Latvia

Drafted: 2006 by Ottawa Senators, 91st Overall

Observations:

July 2012 – Daugavins has likely seen the last of the AHL for a long while, thus on the cusp of being a 'Graduate'. He is a solid bottom six, depth player that is very valuable on the ice. He is known as a defensive puck player, but he is excellent at moving through the neutral zone and has a heavy shot. He is also good in the corners as he doesn't get bumped off pick easily. Look for him to find a home as a regular on the Ottawa penalty kill and providing couple goals per year from it. He just received a fresh one way contract and has shown progression in his game every season through development in the OHL and AHL.

Fantasy Outlook : B-

His play translates to a regular third line player, but production will not be very fantasy worthy unless injuries push him forward.

Footage: Fun highlight of him scoring an epic shootout goal vs. Robert Mayer of the Hamilton

Bulldogs.
